Headteacher: Mrs R Patel

Wednesday 5th January

Dear Parents/Carers

Following on from the letter on the school website dated 4th January, you will have heard the PM's announcement of a national lockdown beginning today and lasting to, at least, the February half term.

Unfortunately, the lockdown will mean school will be open only for the key worker's children and for the vulnerable children until half term instead of our original intention of two weeks. Learning is still ongoing and will be provided for children online via PurpleMash, Google Classrooms and TT Rockstars. I know how hugely demanding it will be for parents to undertake this role again, especially if they are working themselves! However, I am sure, following on from the excellent support our children received during the last lockdown, this one will be equally successful.

Please do not hesitate to contact me with any queries or concerns. In the meantime, keep safe and well during these difficult times and we hope to see you all in the near future.

Yours sincerely

Mrs R Patel
Headteacher

Dream It! Believe It! Achieve It!
